

Patches for Indigo²™ Users

Patches for IRIX 5.3 for Indigo² 250 MHz R4400 (part number 813-0451-001)

Enclosed is a CD that contains patches 951, 956, 1003, and 1015. These patches are necessary for 250 MHz R4400™ Indigo² systems. Install these patches on IRIX™ 5.3 for Indigo² (part number 813-0119-008).

Note: These patches are for systems with XL, XZ, and Extreme™ graphics only. Do not install these patches on any Indigo² IMPACT™ systems.

Release Notes

Detailed information for each patch can be found in the release notes on the patch CD.

Questions

For any questions concerning installation or use of these patches, contact your local authorized Silicon Graphics service provider.
